LIFE CHIROPRACTIC COLLEGE WEST NAMES ALVIN HSU AS STUDENT OF THE YEAR

Hayward, Calif., September 22, 2011 — The Alumni Association of Life Chiropractic College West named Alvin Hsu, a senior from Edmonton, Alberta in Canada as its 2011 Student of the Year. During Life West's annual homecoming event, the WAVE, Hsu was honored for his exceptional contributions to Life West and the chiropractic profession. Hsu stated, "I keep hearing that the students are the future of the profession. I actually disagree. We need to be united as a whole to take on this burden and not pass it on to the students. It's their burden to share but not their burden to bear. We need to be willing as DCs, student DCs, teachers, researchers, adjustors and more - willing to do whatever it takes to 'create a brighter future for humanity' through chiropractic. We, together, are the future. "

Hsu strives to build a bigger, better and more unified chiropractic profession with a balanced perspective and understanding of what chiropractic is. He has worked at all the Life West events in the last 3 years, including graduations. Hsu has been a major contributor at numerous college events including the Lyceum, Talk the' Tic and the philosophy Club. He has also been a great mentor to other students. Jackie Biron, Director of Student Services, said, "I can't think of one major Life West event in the last 3 years that Alvin was not present and helping out. Additionally, he has volunteered his time, talent and service at every graduation since his Freshman year. He is definitely my "go to guy" when I need help – whether that's carrying a ladder, setting up tables at the last minute or helping someone in need. *I can always count on Alvin.*"

Life West, established in 1976, is an accredited non-profit institution of higher learning. Over 4,500 graduates of Life West are now providing chiropractic care worldwide. The college's Health Center, a public outpatient facility staffed by approximately 150 senior interns who are guided by licensed doctors of chiropractic, provides affordable health care to more than 1,500 patients per week in the city of Hayward, California. www.lifewest.edu.
